## A CAR OF FEED

Including sweet feed, bran, corn, oats and hay just unloaded. Examine these feeds and you will find them of the highest quality. Price like grades elsewhere and you will find our price the lowest. Look in our store and you will find that we have the quality. Therefore, with the quantity, quality and the price, we make the following creed:

Buy in big lots and sell that way; push only the highest grades; put the rock bottom price on your goods at first; don't meet prices, but make them; cash today and not tomorrow; if the market is up, go up; if the market is down, go down, so here she goes:

No. 3 hay 85c a bale; No. 2 hay \$1.75; No. 1 hay \$2 to \$2.25 choice \$2.25 to \$2.50; sound corn \$2 a bushel; white seed oats \$1.15; best seed oats \$1.35; lard, compound, 26-28c; lard, pure hog, 28-29c; snuff, shorts, sugar, meat, meal, salmon, crackers, cheese, bran—same as last week.

Fruits, Irish potatoes and can goods up; onions and cabbage down. Flour—Dauntless up, Tip Top down, with all our other grades stronger. 30c size Vick's Salve 25c; Karo syrup 85-90c for this week, as we have just got in 200 gallons, but will be higher in price list to follow. We have a car with 400 bags of shorts rolling, and on their arrival will sell you one or more for \$3.20 at the car. This is a hot price on good shorts, and you should get a good supply at this price.

We sold out all of our sweet feed (save a few bags of one kind) Saturday, but have in a fresh lot this week, and while it is up 10 per 100 pounds, still it is cheap to what it will be in a few days.

Spring will soon be here. Feed your horse sweet feed and shorts. He will look and act game and carry himself and you to fame.
